

The Darling Point Society Inc.

The very first residents' group for Darling Point was set up by our Society in 1999 to preserve the architecture of one of Sydney's most historic areas and to curb the threat of overdevelopment.

Today that need is even greater as we also work to protect our green open spaces from being transformed into sports complexes with concrete structures and field lighting as well as lobbying to reduce the projected high-rise development in the Edgecliff corridor.

Your membership will support us - as well as any assistance you are able to offer - in this crucial work for the community.

Membership Form

\$40 Individual for 1 year

\$70 Couple for 1 year
